“Academics...Discipline...Service...all in the Spirit of Christ.”

March 28, 2018

Dear Parent:

The end of the 2017-2018 school year is fast approaching and we find ourselves planning for 2018-2019. Part of that planning includes assessing areas of our budget that need additional resources in order to meet the needs of our students.

As you may already be aware, we have been working towards building a stronger library and improving the technology available on campus. In order to reach these goals, as well as other needs, it is necessary to increase our tuition to \$5,800.00 per academic school year.

In addition to meeting the financial obligations that come with our continual growth, this change will allow us to provide a higher quality internet for lesson plans and student activities, enhance the quality and quantity of devices available for student use, and fund the expansion of our library.

We are aware that any increase in tuition has an impact on our students and their families. With that in mind, we have explored options to defray this cost. Through careful fundraising (CEA, TOPS, etc.), we believe that additional scholarship funds could cover the increase. Provided families complete their scholarship applications in a timely fashion, we do not anticipate this increase will affect the parent pay-portion of a student's tuition. We encourage you to contact Miss Kenya in the school office to set up an appointment to plan for your scholarship application needs.

The decision to increase tuition was made solely to upgrade the quality and span of services that we provide for your child, today and in the future. Again, we fully expect the increase to be covered by additional scholarship monies, and **not** result in an increase in parents' pay. If you have any questions or concerns, please contact Mrs. Kirkham or Miss Rolande in the school office. We are looking forward to the positive changes this will allow us to bring to Immaculate Conception Catholic School in the 2018-2019 school year.

Sincerely,
